North Augusta High School Mission Statement:

To engage ALL students in the world class knowledge and skills needed to successfully realize their post-secondary goals through the development and implementation of relevant college and career readiness pathways.

About the Course:

English II is a comprehensive class focusing on the Human Experience through a thematic approach that will focus on the concepts in the social, emotional, political, and economic experience of humans. Throughout this course students will learn skills that emphasize reading, writing, understanding, and analyzing literature from around the world that reflects the human experience. This course is also an EOC course. The goal of this course is to support students to be independent, critical, and strategic thinkers, readers, writers, and speakers who can communicate effectively and authentically. Students will be expected to complete all assignments and use time management and goal setting skills, with respect to all faculty, staff, and peers.

Unit Overview:

Intro to the Human Experience
Drama: Antigone, 12 Angry Men, Macbeth
Non-Fiction: Night and the Holocaust
Art: Exploring literature through graphic novels, art, and film
