o In this unit, students will study the forms and functions of both urban and rural settlements, compare land use in different regions, the processes of urban planning, the connections between urban and rural places, and propose solutions to issues common to human settlements around the world.

A 90-100% Excellent Work

B 80-89% Good Work

C 70-79% Average Work

D 60-69% Poor Work

F 0-59% Failing Work

All assignments for this course will be submitted in a variety of ways. Some will be electronic, while others will be paper/hard copy. Tests will be given on paper. Assignments must be submitted by the given deadline or special permission must be requested from the instructor before the due date. Academic Honesty and Cheating
Academic honesty is a cornerstone of the educational community; therefore, students are expected to understand the standards of academic honesty as they pertain to students' behavior in the classroom.

It is important for students to acknowledge sources that are used for completing classroom assignments. Plagiarism is a form of academic dishonesty. Plagiarism may be any one of the following:

1. Verbatim copying without proper documentation of the source(s).
2. Paraphrasing without proper documentation of the source(s).
3. Unacknowledged appropriation of information or ideas from someone else.

If students have any questions about these forms of plagiarism or about an assignment they are preparing, they should ask their instructor for clarification rather than risk unintentional plagiarism.

It is important for students to act in an honest and trustworthy manner. Work performed on examinations or other forms of evaluation must represent an individual's own work, knowledge and experience of the subject matter. Students are expected to follow the classroom rules established by the instructor.

1. Unauthorized looking at or procuring information from any unauthorized sources or from another student's work during an examination or from any work that will be graded or given points.
2. Unauthorized acquiring, reading or learning of test questions prior to the testing date and time.
3. Changing any portion of a returned graded test or report and resubmitting it as an original work to be regraded.
4. Presenting the work of another as one's own for a grade or points.
