

RECAP + COMING UP

A Look Back at Plant Power

March began the celebration of Plant Power, and Chef Taylor traveled the district showcasing fresh, plant-based, recipes! Students at New Ellenton Middle enjoyed sampling Roasted Vegetables with Quinoa and Farro. At Redcliffe Elementary, the sample of the day was a Kale Caesar Salad, and were equipped with a recipe card. To wrap up the celebrations, students at Clearwater Elementary tasted Homemade Chocolate Hummus with Strawberries. Many came back for seconds, and loved every bit of this plant-based delight!
