8. Submission of the South Carolina Community Block Grant for Education Pilot Program (Mrs. Glover)

For the fourth year, the South Carolina General Assembly has authorized and funded the SC Community Block Grants for Education Pilot Program (Education Pilot Program) for Fiscal Year 2018-19. The Education Pilot Program's purpose is to improve children's readiness for kindergarten by enhancing the quality of pre-kindergarten programs for four-year-old children. Funds allocated to this grants program must be used to provide or expand high-quality early childhood programs for a targeted population of at-risk four-year-olds. The proposed project of \$144,329.51 will provide academic and social and emotional skills to ensure kindergarten readiness for 50 children on the Aiken County Public School's 4K waiting list who otherwise would not receive this key learning opportunity because of limited space in the 4K programs.

During the school year, these children will receive access to the Waterford UPSTART technology-delivered home-based kindergarten readiness program.

The certified and classified personnel presented have been screened by the Personnel Services Department and interviewed
