

Lesson Plans

Hello Parents and Guardians,

If you would like to view my lesson plans please check your student's schoology account. You can simply have your student login on their accounts to show you.

I post a "week at a glance" announcement at the top of each student's Science Schoology course at the start of each week. You can check this to see what your student needs to do each day in science. Great for absent students too.

The course is organized into folders by week. The dates of the week are the folder names. I post information for every class stating what we did or what absent students need to do. Also posted are the assignments students need to complete.

If you have questions or concerns please email me at mmanning@acpsd.net.
